

Driving Your Business!

with tailored **maintenance programs**

Bush Truck Leasing's Route-ReadySM Maintenance Program is designed to keep vehicles where they should be—on their routes. Proper maintenance reduces down-time, reduces expensive repairs and helps ensure trouble-free driving.

DEDICATED RESOURCES

Our program delivers these results through dedicated Field Safety & Maintenance Managers and inside support teams who:

- Qualify Bush Authorized Maintenance Providers in your immediate area
- Provide notifications to you when service is due
- Manage the repair process
- Provide authorization of services
- Issue payments
- Track repair history

MAINTENANCE MANUAL

Your Route-ReadySM Maintenance manual provides everything you need to know about the program and how it works including:

- Complete Bush Truck Leasing Contact Information
- Common Goals of the Program
- Authorized Service Centers
- Services Provided by Bush Truck Leasing
- Lease Assumptions
- Scheduling Preventive Maintenance Appointments
- Emergency Services
- Maintenance Schedule & Maintenance Coupons

THE RESULT

Our program makes it easy for Independent Owners to:

- Ensure maintenance funds are available through settlement deduction
- Track maintenance schedule through our Route-ReadySM coupon book
- Get service locally through our authorized service providers
- Minimize maintenance costs while maximizing vehicle performance
